

LINHA DÉCOR

A fotografia contemporânea, surge como uma modalidade de arte que tem ocupado cada vez mais espaço no DÉCOR auxiliando muito na ornamentação do ambiente. A linha DÉCOR surge como uma nova proposta do fotógrafo Adriano Bassegio que busca, através deste projeto, alinhar sua experiência na fotografia FINEART com a decoração e design de interiores. São imagens captadas e pensadas na estética do elemento “quadro fotográfico” de maneira que casem perfeitamente com o ambiente em que serão inseridas.

Tiragem: Todas as imagens são únicas e exclusivas pois respeitam tiragem de apenas 05 cópias (independente do tamanho) e que ao atingirem seu limite são retiradas deste catálogo.

Materiais: Impressão em Papel EPSON ENHANCED MATTE PAPPER com tinta a base de pigmentos minerais.

Impressora Epson Stylus Pro 11880.
